

FY15 Air Force Medical Services (AFMS) Officer Reduction In Force (RIF) Eligibility Information

How to read and interpret Involuntary Force Management Board matrix:

The **RIF Matrix** lists all AFSCs and Year Groups (YG) eligible for the FY14 RIF. The matrix lists, for each AFSC and Year YG, the overage for that year group and the estimated number of eligible officers.

- The overage number in a specific AFSC block tells you how many losses need to be achieved through the FY15 RIF.
- The Estimated eligible number in a specific AFSC/YG block tells you how many officers meet the eligibility criteria as identified in PSDM 14-38 FY15 *Officer Reduction in Force (RIF) Board*, which is located on the [myPers](#) Officer Force Management page. ***Not all personnel within an identified AFSC/YG meet involuntary board eligibility requirements.***

GRAY boxes indicate AFSC/YGs that are ineligible for the RIF.

Notes:

- Overage numbers will decrease as voluntary applications are approved.
- Applicable Overage numbers will also decrease after the results of each involuntary board are finalized.

Frequently Asked Questions Regarding the FY15 RIF Matrix

Q1. If there is an overage number listed in my AFSC/YG, does that mean I'm going to meet the FY15 RIF board?

A1. If your AFSC/YG contains an overage number **AND** you meet the criteria outlined in PSDM 14-38, then you are currently scheduled to meet the RIF board.

Q2. My AFSC/YG is gray and has no number. Am I eligible for the FY15 RIF board?

A2. No. If you belong to an AFSC/YG that is grayed out, then you will NOT meet the FY15 RIF board.

Q3. If I'm ineligible to meet the FY15 RIF board, does that mean I'm ineligible for the voluntary separation programs?

A3. Not necessarily—there are some AFSCs with gray boxes that may still be eligible for the voluntary programs being offered until application deadlines close. Please check the “**FY14/FY15 Officer Voluntary Force Management Program Eligibility Matrix**” and associated PSDM on myPers to see which AFSC/YGs are currently eligible to apply for the voluntary programs.

Estimated Overages and Eligibility Pool for FY15 Officer Involuntary Force Management Programs

<p>- "Estimated Overage" numbers are based on the current personnel inventory in combination with <u>projected</u> AF requirements--NOT the current Unit Manning Documents. - "Estimated Eligible" is based on the current inventory of personnel who meet the eligibility criteria. - AFSCs shaded gray are not vulnerable for this Force Mgt Program. - If overages are reduced to target manning levels through voluntary programs, personnel will no longer be vulnerable for involuntary programs. - Year Groups are based on <u>Total Active Federal Commissioned Service Date</u>.</p>		AIR FORCE MEDICAL SERVICE (AFMS) REDUCTION IN FORCE (RIF) ELIGIBILITY									
		Personnel in an AFSC with estimated overage may apply for LADSC waivers, TIG waivers, or Palace Chase if eligible until application deadline closes; approval is not guaranteed subject to AF requirements
