## 0330 VARIOUS TYPES OF MEDICAL TRAVEL

033001. \*\*\*\*\*

### ~~033013. Travel for Non-Covered Reproductive Health Care Services~~

~~A. Policy. It is Department of Defense (DoD) policy that:~~

~~1. Service members will be able to access lawfully available non-covered reproductive health care regardless of where they are stationed.~~

~~2. It is the responsibility of commanders or approval authorities to meet operational requirements and protect the health and safety of those in their care. Commanders or approval authorities are expected to display objectivity, compassion, and discretion when addressing all health care matters, including reproductive health care matters, and have a duty to enforce existing policies against discrimination and retaliation in the context of reproductive health care choices.~~

~~3. Consistent with existing law and Departmental policy, commanders will protect the privacy of protected health information they receive under this policy, as they should with any other protected health information. Such information must be restricted to personnel with a specific need to know; that is, access to the health information must be necessary for the conduct of official duties. Personnel must also be accountable for safeguarding this health information consistent with existing law and Departmental policy.~~

~~4. Service members must not be granted travel and transportation allowances under this paragraph if their intention is to sell, to offer for sale, or to receive proceeds from a sale resulting from an Assisted Reproductive Technology (ART) procedure.~~

~~B. Eligibility. Service members and authorized dependents are eligible for travel and transportation allowances in Chapter 2 to receive non-covered reproductive health care services when timely access to non-covered reproductive health care services is not available within the local area of the member's Permanent Duty Station (PDS), Temporary Duty (TDY) location, or the last location the dependent was transported on Government orders when authorized by the appropriate authority.~~

~~1. Non-covered Abortion. Travel and transportation allowances for Service members (Active Duty Service members, Reserve Component Service members on active duty orders for more than 30 consecutive days, and Service academy cadets and midshipmen) and dependents of such Service members receiving care may be authorized when a licensed medical provider has validated the pregnancy and substantiating documentation is provided.~~

~~2. Non-covered Assisted Reproductive Technology (ART). Travel and transportation allowances for Service members (including Active Duty Service members and Reserve Component Service members on active duty orders for 180 days or more) and spouses of such Service members receiving care may be authorized when the non-covered ART procedure is confirmed by documentation by the licensed health care provider or clinic that will be performing the ART services. Substantiating documentation provided by the traveler to the approving official (AO) must include details of the procedures to be performed, dates of consultation appointments and/or procedures, and include any of the following: identification of a treatment plan schedule, medical diagnosis, and patient names to verify eligibility.~~

# Joint Travel Regulations Revisions

~~3. Location. The Service member or dependent must certify in writing the location of the closest available, capable medical facility for the non-covered reproductive health care service. Certification should be provided to the traveler's AO in advance of travel.~~

~~a. For a non-covered abortion, the determination of the closest, capable clinic, office, or medical facility must consider the availability of the time sensitive procedure as a factor for the determination.~~

~~b. When a Service member or dependent uses a different location than the certified closest available, capable medical facility, a cost comparison is done to determine reimbursement. In this situation the certification must provide details on both the closest facility and the facility to be used. Travel reimbursement is limited to the cost to the closest available medical facility for the non-covered abortion or ART procedure if a different location is used. The transportation cost is compared to the constructed cost of transportation to the authorized location and the lesser of the two amounts is reimbursed. The per diem is limited to the lesser of the costs that would have been incurred for travel to the authorized location, or the amount listed in par. 033013-B.~~

## ~~B. Allowances.~~

~~1. The Service member is authorized the standard travel and transportation allowances in par. 033001.~~

~~2. An eligible dependent may be authorized the following:~~

~~a. The actual cost of lodging (including tax, tips, and service charges) limited to the lodging portion of the locality per diem rate at the non-covered reproductive health care service care location.~~

~~b. The actual cost of meals (including taxes and tips, but excluding alcoholic beverages) and incidental expenses, limited to the maximum meal rate and incidental expenses (M&IE) portion of the locality per diem rate at the non-covered reproductive health care service care location.~~

~~c. Round trip transportation between the member's PDS or the last location the dependent was transported on Government orders and the non-covered reproductive health care service care location.~~

~~d. An invitational travel authorization (ITA) will be used to reimburse travel and transportation expenses authorized dependent and must be issued judiciously to ensure prudent, proper and ethical use of appropriated funds. See section 0305.~~

~~3. Attendant or Escort. If a Service member or dependent is incapable of traveling alone, standard travel and transportation allowances in Chapter 2 are authorized for one or more necessary escorts. An attendant may also be authorized round trip travel and transportation allowances, if required. The authorization for an attendant or escort must be cited on the travel authorization.~~

~~a. An attendant or escort is authorized the standard travel and transportation allowances in Chapter 2.~~

~~b. A Service member or civilian employee serving as an attendant or escort travels under a TDY order.~~

## Joint Travel Regulations Revisions

~~c. A non-Government civilian serving as an attendant or escort must be issued an ITA and be legitimately performing a direct service for the Government. See section 0305.~~

### ~~4. Accompanying Dependent.~~

~~a. The AO may authorize an accompanying dependent who is neither an attendant nor escort if all of the following conditions apply:~~

~~(1) The accompanying dependent is a command-sponsored dependent at the PDS OCONUS and incapable of self-support.~~

~~(2) No suitable care arrangements can be made at the PDS.~~

~~(3) The travel is in the Government's interest.~~

~~b. An accompanying dependent is limited to round-trip transportation between the member's PDS or the last location the dependent was transported on Government orders and the non-covered reproductive health care service care location.~~

~~c. No per diem is payable and any further travel costs are the financial responsibility of the Service member.~~

~~d. This authority should be used as a last resort.~~

PRESIDENTIAL ACTIONS

# ENFORCING THE HYDE AMENDMENT

EXECUTIVE ORDER

January 24, 2025

By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered:

Section 1. Purpose and Policy. For nearly five decades, the Congress has annually enacted the Hyde Amendment and similar laws that prevent Federal funding of elective abortion, reflecting a longstanding consensus that American taxpayers should not be forced to pay for that practice. However, the previous administration disregarded this established, commonsense policy by embedding forced taxpayer funding of elective abortions in a wide variety of Federal programs.

It is the policy of the United States, consistent with the Hyde Amendment, to end the forced use of Federal taxpayer dollars to fund or promote elective abortion.

Sec. 2. Revocation of Orders and Actions. The following Executive Orders are hereby revoked:

- (a) Executive Order 14076 of July 8, 2022; and
- (b) Executive Order 14079 of August 3, 2022.

Sec. 3. Implementation. The Director of the Office of Management and Budget shall promulgate guidance to the heads of executive departments and agencies related to implementation of sections 1 and 2 of this order.

Sec. 4. General Provisions. (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.
