II. Introduction

The No FEAR Act requires Federal agencies to submit annual reports to the Speaker of the House of Representatives, the President *pro tempore* of the Senate, the Committee on Governmental Affairs of the Senate, the Committee on Government Reform of the House of Representatives, each committee of Congress with jurisdiction relating to the agency, the Attorney General, and EEOC. Additionally, the U.S. Office of Personnel Management's (OPM) final regulation on the No FEAR Act requires that OPM also receive a copy of the report. The DAF submission is in accordance with these reporting requirements.

III. Background

The No FEAR Act was signed into law on May 15, 2002, and became effective on October 1, 2003. The Act requires Federal agencies to be accountable for violations of discrimination and whistleblower protection laws and to post certain statistical data on their web sites relating to Federal sector EEO complaints filed with the agencies.

Section 203 of the No FEAR Act requires that each Federal agency submit its annual report to Congress not later than 180 days after the end of each Fiscal Year. Federal agencies must report, among other things, the number of Federal court cases arising under each of the respective areas of law specified in the Act in which discrimination was alleged; the status or disposition of cases; amount of money required to be reimbursed; number of employees disciplined; any policies implemented related to appropriate disciplinary actions against a Federal employee who discriminated against any individual, or committed a prohibited personnel practice; and an analysis of the data collected with respect to trends, and causal analysis.

The President delegated responsibility to OPM for the issuance of regulations governing implementation of Title II of the No FEAR Act. The OPM published final regulations on May 10, 2006, concerning the reimbursement provisions of the Act; final regulations to carry out the notification and training requirements of the Act on July 20, 2006; and the final regulations to implement the reporting and best practices provisions of the No FEAR Act on December 28, 2006. The EEOC issued its final regulations to implement the posting requirements of Title III of the No FEAR Act on August 2, 2006. The DAF has prepared this report based on the provisions of the No FEAR Act and OPM and EEOC's final regulations.

IV. Data

Section 203(a)(1) of the No FEAR Act requires that Federal agencies include in their Annual Report to Congress “the number of cases arising under each of the respective provisions of law covered by paragraphs (1) and (2) of section 201(a) in which discrimination on the part of such agency was alleged.” The OPM’s final regulations at 5 C.F.R. § 724.302 on reporting and best practices issued on December 28, 2006, clarify section 203(1) of the No FEAR Act stating that Federal agencies report on the “number of cases in Federal court [district or appellate] pending or resolved...arising under each of the respective provisions of the Federal Antidiscrimination laws and Whistleblower Protection Laws applicable to them...in which an employee, former Federal employee, or applicant alleged a violation(s) of these laws, separating data by the provision(s) of law involved.”

(Note: a complaint can have more than one basis.) Total awards paid-out \$12.5K (Appendix B), none was paid out in attorney fees. This was the least amount of money paid out since FY10, when \$190K was paid out (Appendix B).

b. Reimbursement to the Judgment Fund

These regulations state, among other things, that the Financial Management Service (FMS), a Bureau of the U.S. Department of the Treasury, will provide notice to an Agency’s Chief Financial Officer within 15 business days after payment from the Judgment Fund. The Agency is required to reimburse the Judgment Fund within 45 business days after receiving the notice from FMS or must contact FMS to make arrangements in writing for reimbursement.

This reporting period \$12.5K was reimbursed to the Treasury Judgment Fund and no attorney fees were paid. (Appendix B).

c. Disciplinary Actions and Description of Policy

Section 203(a)(4) of the No FEAR Act requires that Federal agencies include in the Annual Report to Congress the number of disciplinary actions taken for conduct inconsistent with Federal anti-discrimination and whistleblower protections. The OPM's regulation clarified that these cases refer to the number of discrimination cases for which the Judgment Fund paid on behalf of the Agency. The regulations also defined disciplinary actions to include any one, or a combination of, the following actions: reprimand, suspension without pay, reduction in grade or pay, or removal. The OPM's final regulation also provides that irrespective of discrimination cases in Federal court, Federal agencies are to report the total number of employees disciplined and the specific nature of the disciplinary action taken in accordance with Agency policy that prescribes disciplinary action for discrimination, retaliation, or harassment conduct, and whistleblower protection law violations.

Additionally, Section 203(a) (6) of the No FEAR Act requires that Federal agencies include in their Annual Report to Congress a detailed description of the policy implemented by the Agency relating to disciplinary actions imposed against a Federal employee who discriminated against any individual in violation of any of the laws cited under section 201(a) (1) or (2), or committed another prohibited personnel practice that was revealed in the investigation of a complaint claiming a violation of any of the laws cited under section 201(a) (1) or (2).

During this reporting period a total of 7 disciplinary actions fell under the provision of No FEAR Act. One resulted in a reprimand and six resulted in suspensions. Two (2) complaints fell under race discrimination, three (3) complaints fell under sexual harassment and two (2) complaints fell under the prohibited personnel practices. A more detailed comparative can be found in (Appendix C), and references of the agency's disciplinary action and guidance on selecting the appropriate penalty.

VII. DAF’s Actions Planned or Taken to Improve Complaint or Civil Rights Programs Pursuant to Section 203 (a)(7)(D)

A. Improvements in EEO Program

The Air Force continued to make significant progress toward achieving a model EEO program during FY15. The Secretary of the Air Force (SecAF), Chief of Staff of the Air Force (CSAF), and Chief Master Sergeant of the Air Force (CMSAF) signed a Diversity and Inclusion (D&I) memorandum in March 2015 to all Airmen which emphasized the importance and value of promoting and leveraging diversity in each organization. The AF Barrier Analysis Working Group (AFBAWG), chaired by the AF EO Director, identified several barriers to recruitment and

selection, which were addressed through policy changes in a memorandum signed in April 2015 by the Assistant Deputy Chief of Staff, Manpower, and Reserve Affairs.

B. Disability Program

The Disability Program continued to set new records and receive appropriate recognition. The representation rate of Individuals with Disabilities (IwDs) for the Permanent Workforce exceeded the AF goal of 8% to 12.13%, compared to 11.45% in FY14. The AF Disability Program Manager (DPM) and Director, Airman Force Development (AF/A1D), developed a procedure to ensure reasonable accommodation is provided when individuals with disabilities (IwDs), including disabled veterans, are identified/selected for training and development programs. It involves centralized funding with a financial commitment of \$250,000 for AF employees with disabilities who attend AF sponsored training and development programs starting in FY16. AF is exploring expanding centralized funding for reasonable accommodations in all instances. This and other accomplishments led to the Air Force being awarded the Secretary of Defense trophy for having the best military service Disability program in DoD for a fourth consecutive year.

C. EEO Complaints Program

1. The Air Force Directorate of Equal Opportunity, HQ USAF/A1Q, hosted and conducted an Air Force-wide Functional Training Workshop in August 2015 to provide required refresher and other training to 250 EEO, HR, legal, and other professionals. The workshop included a panel and speakers from the LGBT community, which were some of the top-rated sessions. Feedback from participants about the overall workshop was overwhelmingly positive.

2. The Air Force Directorate of Equal Opportunity, HQ USAF/A1Q, formed an AF-wide Compliance Analysis Working Group (AFCAWG) to improve the timely and efficient processing of EEO complaints through networking, best practices, and mentoring. The group is made up of EEO, legal, and HR specialists at the headquarters, MAJCOM, and local base levels. Some expected benefits are: reduction in case losses (and payout awards) due to procedural errors, improved processing, and enhanced collaboration, mentoring, and networking.

3. A list of accomplishments and initiatives to identify and address barriers, provide equal opportunity for all employees, and promote an inclusive and diverse workforce that maximizes employees' potential is shown below.

D. AFPC Recruitment Office Initiatives

1. The CSAF and 20+ senior leaders participated in a D&I Focus Day. This event focused on ideas for recruitment, training, development and retention of female rated personnel across the Air Force. In order to further explore the ideas generated, a High Performance Team (HPT) of cross-functional subject matter experts was convened and led by a D&I champion (Major

General Van Ovost). The HPT developed prioritized recommendations for review by CSAF and SECAF.

2. The AFBAWG briefed Air Force senior leaders on issues affecting recruitment and retention of IwDs and Individuals with Targeted Disabilities (IwTD). New initiatives were adopted to enhance the use of Schedule A and retention of IwDs and IwTD.

3. The Air Force recognizes the strain fiscal limitations have placed on the recruiting efforts of many of our unique tech-focused communities, especially the AF Intelligence community. To supplement specialty-specific diversity recruiting efforts, the Air Force has significantly increased national outreach at events targeting diverse Science, Technology, Engineering, and Math (STEM)-focused audiences. Specific events include the national conferences for the Society of Women Engineers, the National Society of Black Engineers, the League of Latin American Citizens and various others, which together provide access to over 60K diverse students/professionals for entry-, mid- and senior-level positions from private and public sectors who could serve in an ISR capacity.

4. The Air Force PALACE ACQUIRE intern program yielded the highest percentage of female (80%) to males (20%) selected for positions in the AF Intelligence Community. The average for previous five years was 43% females and 57% males.

VIII. No FEAR Plan.

The agency's training plan is found at APPENDIX E. The Air Force has developed on its Advanced Distributed Learning Service (ADLS) an online "No FEAR Act" training course to carry out the requirements of the No FEAR Act Training Plan. The 30 minutes course provides instruction on all topics required by the No FEAR Act. All DAF civilian employees (executives, managers, and supervisors), and military members that supervises civilians, must accomplish training as required by 5 CFR § 724.203(d). The on-line training satisfies the initial and the biennial training requirements of 5 CFR § 724.203(e). Additionally, there is a ten question quiz with a minimum passing score of 70%. For employees without ADLS accounts (non-appropriated funds employees), the Equal Opportunity offices conduct on-site briefings using Air Force-approved No FEAR Act training lesson plans. Attendees at on-site briefings do not have to take the quiz. EO offices must train new employees as part of its orientation program within 90 calendar days of the new employees' appointment. At all on-site briefings, the EO offices must track numbers of individuals trained and report the statistics when required by AFPC/EO or higher headquarters.

GUIDE TO DISCIPLINARY ACTIONS

NOTE: See **Section F** of this regulation for information concerning use of this guide and selection of appropriate penalties in disciplinary actions:

A3.1. Cause of Action Column:

A3.1.1. **IT IS NOT NECESSARY TO STATE A CAUSE OF ACTION EXACTLY AS SHOWN IN THIS COLUMN.** What is important is to state exactly what the employee did wrong, preferably without using legal terms suggesting crime. A3.1.2. Cause is best identified by a specific charge or label for the offense IF that charge or label is relevant. **BE CAREFUL TO SELECT A LABEL WHICH FITS THE FACTS AND NOT TO DISTORT THE FACTS TO FIT A SPECIFIED OFFENSE IN THE GUIDE.**

SELECTING THE PENALTY

APPENDIX E: No FEAR Act Training Plan

No FEAR Training Plan

This document sets forth the Department of the Air Force's (DAF) training plan, pursuant to the Notification and Federal Antidiscrimination and Retaliation Act of 2002 ("No FEAR Act"), Public Law 107-174, and 5 CFR Part 724.203.

Requirements of the No FEAR Act

Specifically, Section 202(c) of Title II of the No FEAR Act sets forth the following requirement: "Each Federal agency shall provide to the employees of such agency training regarding the rights and remedies applicable to such employees under the [Federal antidiscrimination and retaliation statutes and other legal authority]."

Requirements of 5 CFR Part 724

5 CFR § 724.203(a) requires the following: "Each agency must develop a written plan to train all of its employees (including supervisors and managers) about the rights and remedies available under the Antidiscrimination Laws and Whistleblower Protection Laws applicable to them."

5 CFR § 724.203(b) further specifies: "Each agency training plan shall describe: (1) The instructional materials and method of the training, (2) The training schedule, and (3) The means of documenting completion of training."

Next, 5 CFR § 724.203(d) requires each agency "to complete the initial training under this subpart for all employees (including supervisors and managers) by December 17, 2006. Thereafter, each agency must train all employees on a training cycle of no longer than every 2 years."

Finally, 29 CFR § 724.203(e) sets forth the following requirement: "After the initial training is completed, each agency must train new employees as part of its agency orientation program or other training program. Any agency that does not use a new employee orientation program for this purpose must train new employees within 90 calendar days of the new employees' appointment."

The Air Force has developed on its Advanced Distributed Learning Service (ADLS) an online "No FEAR Act" training course. The 30 minutes course provides instruction on all topics required by the No FEAR Act. All AF civilian employees (including executives, managers, and supervisors) to include military members that supervises civilians must accomplish this training as required by 5 CFR § 724.203(d). The on-line training satisfies the initial and the biennial training requirement of 5 CFR § 724.203(e). Additionally, there is a ten question quiz with a minimum passing score of 70%. For employees without ADLS accounts (non-appropriated funds employees), the Equal Opportunity offices conducts on-site briefings using Air Force approved No FEAR Act training lesson plans. Attendees at on-site briefings do not have to take the quiz. EO offices must train new employees as part of its orientation program within 90 calendar days of the new employees'

appointment. For all on-site briefings, the EO offices must track numbers of individuals trained and report the statistics when required by AFPC/EO or higher headquarters.
